

2 Sisters, 2 Continents, 1 Passion

McBride Sisters Collection Winery is a story of two sisters and their passion for wine. Robin and Andréa were raised separately in the wine regions of Monterey, California and Marlborough, New Zealand. Living across the world from one another, they were unaware of the other for nearly half their lives. The Sisters eventually found their way to each other in 1999 and quickly discovered their shared passion for wine and viticulture. The Sisters created the McBride Sisters Collection which unites their parallel lives and passion.

Their story is proof that a bond can form over a bottle of wine; a truth that comes to life with every McBride Sisters Collection wine.
